Agnès Delage-Calvet - Lace-pattern Headband jewelry project with tutorial and cross stitch pattern chart

## Lace-pattern Headband

JEWELRY PROJECT AND CROSS STITCH CHART BY AGNES DELAGE-CALVET

This is an elegant and understated headband (shown here in blue silver metallic) which can be stitched in virtually any colorway, in a color that suits you!

The main part is a fine band of needlework fabric, with cross stitch, backstitch, metallic highlights and beading, forming a lace-like pattern. Ribbon end metallic parts link the band to an elastic cord at the back, ensuring the headband is comfortable and holds into place. The tutorial will guide you through the adjustment phases for a perfect fit and finish.

The step by step-tutorial, with pictures for each stage, also includes a list of needlework and jewelry supplies and the corresponding cross stitch chart. Instructions are easy to follow, even if you have never made jewelry, however, basic jewelry tools such flat nose pliers will be needed.
