Rose & Butterfly

COUNTED CROSS STITCH CHART BY ALESSANDRA ADELAIDE NEEDLEWORKS - AAN

An exquisite pattern featuring a butterfly and an ornate flower with leaves turning into a graceful arabesque motif. Designer Alessandra Adelaide finds her inspiration in nature but adds a very personal and ornamental interpretation. This works beautifully in stitching,

As for the other patterns in the series, you can make so many personal variations based on the chart. You could keep it quiet and simple, cross stitching the whole pattern in a single color, a solid or a gently overdyed tone. .

Our suggestion would be to pick a delicate palette of colors, such a the subdued but gorgeous colors of DMC linen floss, and delicately "color in" all the parts of the butterfly and the flowers. Naturally, you would pick a cream or natural raw linen fabric for the background.

Whichever way you decide to personalize your stitching, this pattern will make a beautiful cushion which you could pair with another of the pretty patterns in the series such as the **Wildberry**, **Starflower** and **Garofano selvatico** designs.
