Christmas ornament Trio

CROSS STITCH PATTERN READY TO DOWNLOAD, DESIGNED BY Barbara Ana Designs

These miniature ornaments by Barbara Ana feature 3 different snow landscapes. Santa is feeding his reindeer. A squirrel is harvesting hazelnuts in the forest. And a house stands snugly in the snow, under an overarching tree. All three motifs have a recurring snowflake background motif and are framed with an identical border.

The palette of colours is subdued and subtle, as in many of Barbara Ana's sampler designs.

Measuring only about 2 1/2 inches (on 32ct), the stitched pieces are a really cute size. They have been mounted (see photo) as ornaments, with a very light filling and a felt background. They can be hung individually on a Christmas tree or alternatively hung onto each other vertically, creating a single hanging ornament.
