Santa's Flight

CROSS STITCH PATTERN READY TO DOWNLOAD, DESIGNED BY Barbara Ana Designs

There is no doubt designer Barbara Ana sees Christmas in a different light. This cross stitch piece features icy blues and contrasting caramel colors, suggesting a cool luminous day.

This is a beautifully balanced design, with a large plant, like a tree with frosty leaves, forming an arch enveloping the central motif. Santa is perched on a giant bird, ready to fly. Right below tiny houses seem to sleep, their roofs covered with snow.

The theme of the giant bird is a recurring one in Barbara Ana's works. Check out the attractive way various motifs are used for depicting its body, the proud crest and the riveting eye.
