Log cabin - Autumn

COUNTED CROSS STITCH CHART BY GRACEWOOD STITCHES

Kathy Bungard designer of Gracewood Stitches describes the pattern in her own words:

Band samplers are iconic in cross stitch history and still popular subjects for today's patterns and I admit I certainly love them as much as the next stitcher, but I've wondered what would the effect be if the standard band took a new shape? I began playing with this design and 'bent' the bands to make what is essentially a log cabin quilt pattern. I've wanted to design a series of seasonal patterns that could be done individually or grouped together and so I'm happy to introduce the first in the series, "Log Cabin - Autumn". Kathy Bungard

Creative Poppy says:

We love the original "log cabin" layout of these borders as well as the warm color scheme. You'll enjoy stitch each intricate element of this ornamental piece that includes an oak tree pattern , vine leaves and grapes as well as Quaker style elements.
