Description:

Northern Lights Star

NEEDLEWORKPATTERN READY TO DOWNLOAD, DESIGNED BY Faby Reilly Designs

This exquisite cross stitch design features ribbon like arabesques in soft pastel metallic colors, as if they were transparent, evocative of Northern Lights. It is further embellished with mother of pearl sequins and seed beads as well as ornamental specialty stitches, that include whipped backstitch and round eyelet stitch, and come with excellent tutorials.

The star shape is expertly designed. Designer Faby Reilly includes a template for the back of the star which is slightly smaller so as to emphasize the stitched parts on the front.

This piece is designed to be tied using a ribbon bow at the back, for instance to top your Christmas tree, or alternatively you could skip the bow and use it as a hanging ornament. It will measure just under six inch (15 cm) when stitched on 28ct.

There are many more Christmas ornaments designed by Faby Reilly in a variety of shapes. Mix and match them to create a fabulous collection!

A cross stitch pattern by Faby Reilly Designs.
