CROSS STITCH PATTERN READY TO DOWNLOAD, DESIGNED BY Faby Reilly Designs

Here's the Violet Needlebook, Faby Reilly's handy little book shaped accessory for keeping all your embroidery needles neat and tidy.

The delightful cross stitch design features a humble little bouquet of violets and adorned with a golden ribbon. It includes some French knots, golden seed beads in the heart of the flower, and golden thread highlights for the background ribbon motif than runs all around the booklet.

There is a secondary violet motif on the inner pages of the booklet. Extensive instructions are included for mounting the booklet step by step, for a perfect finish.

In addition to the violet needlebook, there are matching needlework accessories (sold separately) including a scissor case and scissor fob, as well as a biscornu shaped pin cushion.

To correspond to the finished format of the folded needlebook, stitched format shown in fabric calculator below is that of the cover only (excluding back and inner pages).
