CROSS STITCH PATTERN READY TO DOWNLOAD, DESIGNED BY Faby Reilly Designs

A vigorous plant with bunches of generous flowers, Faby Reilly's Wisteria is exquisitely portrayed.

We love the beautiful range of embroidery thread colors, ranging from lavender to purple, with contrasting shades of green. The flowers are beautifully depicted in stitches, with some darker backstitch lines for additional detail against the gently shaded leaves and petals worked in cross stitch in the background. Mother of pearl sequins, mounted with an eyelet stitch, as well as small seed beads, further enhance the piece and give a dimensional effect to the stitching.

The embroidery is mounted in the shape of a biscornu, with a separate pattern provided for the back which we see appear alternately on the sides once the biscornu is mounted in its cushion shape.

The chart includes explanations for mounting the biscornu as well as a tutorial for the specialty stitches.
