**Lavender Bouquet Ort-bag**

COUNTED CROSS STITCH CHART BY FABY REILLY DESIGNS

Where do you dispose of little bits of cotton and loose strands when stitching? Now you'll have a convenient and pretty solution if you hang the Lavender Bouquet Ort-bag close to your favorite armchair. Follow Faby Reilly's very detailed step-by-step instructions for assembly, the "Ort-bag" tutorial, which you can download for free off our [stitcher resource page](#).

The beauty of this project is the exquisite stitching of the lavender flowers and butterflies, a clever combination of cross stitch, back stitch and French knots. No fewer than 14 colors are used to convey the delicate shadings of the flowers. All stitches are carefully explained and the charts are provided in two "layers", first the cross stitch, then all the embellishment stitches, which makes it particularly easy to follow.

The pattern includes a great number of French knots. If you are not familiar with them, or have found them tricky in the past, follow Faby Reilly's helpful advice: "Use your left thumb to keep the cotton near the knot nice and flat against the fabric while you thread your needle and the cotton through the knot".

This pattern is part of the [Lavender Bouquet](#) series that includes a humbug, a biscornu, a pouch, a needlebook and an ortbag.
