Rose Street

CROSS STITCH PATTERN READY TO DOWNLOAD, DESIGNED BY GALLIANA

This Sampler is part of Galliana's fun collection of customizable cross stitch charts designed to be stitched in any color combination you fancy. It features a row of high street shops: an ale house, an apothecary, a florist and a tea parlour, providing plenty of opportunities to adapt the colors used so that each shop has it's own look.

There is also a companion to this design, with more shops on [Victoria street](#). Why not pair the two for display?

As for all Galliana designs, this chart is monochrome and can be stitched using any count of fabric & floss of your choice. It's up to you how the stitched piece will turn out as you can truly personalise the design either stitching it all in one colour, maybe use two contrasting colours, variegated flosses or even a whole range of different colours.

A **Guide to Colors** is included with the chart with suggestions of different ways to apply colors designs.

If stitching with one colour on 28 count over 2 using 2 strands, you will require approx 8 skeins of 8metre DMC or equivalent and the design area will be approx 22.25" x 8".
