CROSS STITCH PATTERN READY TO DOWNLOAD, DESIGNED BY GALLIANA

This Sampler combines 16 different square motifs and two series of linear borders, around the central pattern. It is part of Galliana's fun collection of customizable cross stitch charts designed to be stitched in any color combination you fancy. Why not stitch each square in a different overdyed thread for instance?

Each square motif is perfectly symmetrical. You can combine the squares in different ways, omitting the top and bottom rows if you want to stitch a square piece (for a cushion cover). You can also (re)use the motifs for making pretty biscornus.

As with all Galliana designs, this chart is monochrome and can be stitched using any count of fabric & floss of your choice. It's up to you how the stitched piece will turn out as you can truly personalise the design either stitching it all in one colour, maybe use two contrasting colours, variegated flosses or even a whole range of different colours.

A **Guide to Colors** is included with the chart with suggestions of different ways to apply colors to designs.

If stitching the whole pattern with one colour on 28 count over 2 using 2 strands, you will require approx. 14 skeins of 8metre DMC or equivalent and the design area will be approx 14” x 20.5”.
