CROSS STITCH PATTERN READY TO DOWNLOAD, DESIGNED BY Gera! by Kyoko Maruoka

This pattern is comprised of two charts.

In the first cross stitch chart, children from all over the world are holding hands: the little Chinese Girl, the Austrian boy, the girl from the Netherlands and the one from Mexico, and finally the little eskimo child.

In the second chart, each child is pictured with their favorite animal: geese, goats, penguins, panda bears and toucan.

There are more cute "international kids" designed by Kyoko Maruoka, in particular a second series. Collect them all!

You can use this pattern for many cute projects for kids: They will fit on pencil cases, on little school or sports bags. You can make a pyjama tidy (a small bag for holding their pyjamas). The patterns are also perfect for baby bibs, especially the larger bibs for toddlers.
