The Three Bears

CROSS STITCH PATTERN READY TO DOWNLOAD, DESIGNED BY **Gera! by Kyoko Maruoka**

Goldilocks finds herself lost in the forest when suddenly she comes upon a little house. She pushes the door open...

You know how the story goes: a yummy breakfast awaits, and a comfortable bed. She falls asleep and what a surprise when the 3 bears come home!

GERA! designer **Kyoko Maruoka** has fun representing in cross stitches the 3 size porridge bowls, 3 size chairs and the 3 size beds. The piece is full of exquisite detail such as the bear family's outfit, the decorated beds with their checkered eiderdowns, the little shelves with teapot, candlestick and books, even a bedroom

pot on the bedroom floor. Nothing is missing in this cosy and comfortable home, if we were Goldilocks, we might settle in too...

With full cross stitches only, this is a straightforward piece to cross stitch. It was stitched on raw linen but could also be completed on color fabric, as long as there is enough contrast for the white stitches to stand against the background.
