CROSS STITCH PATTERN READY TO DOWNLOAD, DESIGNED BY Gracewood Stitches

**Kathy Bungard of Gracewood stitches, in her own words:**

**'Kyoto' is the fourth design in the Vintage Textile collection.  Inspired by the beautiful indigo fabrics produced in Japan for many years.  I'm always impressed with the sense of movement I find in their motifs.**

**The pattern is worked in cross stitch, using the Assisi technique of stitching only the background around motif which is not stitched, creating a unique dimensional effect.**

**As with all the vintage textile patterns, the motif can be extended or trimmed at will, so you can stitch any size porject. The design will look beautiful on a cushion but can also be used for a small pouch, a canvas tote bag, a tray liner. It will look stunning when stitched as a border on a white bath towel.**

**Blue not your favourite color? The pattern comes in three hues of the same blue. It's super easy to change colors and adapt the pattern to your own.**

**A cross stitch pattern by Gracewood Stitches.**
