The fox family - in Winter

CROSS STITCH PATTERN READY TO DOWNLOAD, DESIGNED BY Kateryna - Stitchy Princess

An extra cute design featuring an entire family of foxes - father, mother and baby - sheltering from the bitter cold in a hole in the snow.

A lonely little robin is the only living soul around. Branches of wild berries arch under the heavy snow. Banks of fog and scattered snowflakes blend everything into a white blurr as the silver moon keeps watch.

If you like the motif of the sleeping fox, also check out the larger pattern [Forest foxes - in Winter](#).

This pattern includes isolated cross stitches featuring snowflakes. Check our tips for completing [isolated cross stitches](#).
