CROSS STITCH PATTERN READY TO DOWNLOAD, DESIGNED BY Kateryna - Stitchy Princess

This design is by Kateryna, a cross stitch designer based in Ukraine, drawing her inspiration in folk tales and nature, in particular her beloved magical forest.

The present pattern features a clearing in the woods brimming with all types of bright red and white mushroom. Look closer and you will notice the patch of grass is filled with life: an owl perched in a tree, a squirrel passing in the background, playful mice leaping over the mushroom, a snail on a slow voyage and a tiny bird keeping watch in the bush.

The pattern is framed with a matching border and more mushroom in the corners.

The cross stitch pattern (photo) was stitched over 2 threads on 32 Ct. Belfast Linen by Zweigart (3609/323 Summer Khaki). Any other green, beige or natural background fabric would be suitable.

A Stitchy Princess cross stitch design.
