Winter woodland

CROSS STITCH PATTERN READY TO DOWNLOAD, DESIGNED BY Kateryna - Stitchy Princess

This pretty Christmas design is composed of several vignette-like motifs held together within a border frame, the grey evenweave background forming a perfect balance between the white of the snow, the red-robins and the green of the forest.

Top left is a red robin in a pine tree, among the pine cones. Also featured are several other red robins in the snow, a bird house, an owl perched on a branch, a deer. Our favorite motif is the brown bear, hibernating in a hole under the snow cover - and if you look close, a white hare keeping watch among the bushes.

Each cross stitch motif can be reused on its own, for Christmas cards or gift tags.

This chart includes individual cross stitches (snowflakes).
