Blackwork Flower Calendar Sampler

BLACKWORK PATTERN READY TO DOWNLOAD, DESIGNED BY Lesley Teare Designs

A new flower to stitch every month...

Lesley Teare takes us through all the months of the year, starting with snowdrops in January and finishing with a Christmas rose. Each of these flowers is beautifully rendered in the designer's signature style, where tiny blackwork motifs fill each petal with a different pattern, creating a variety of tones and densities. The hearts of the flowers are further embellished with cross stitches for color and French knots and seed beads for dimensional effect.

The whole pattern is designed as a sampler. You might also want to reuse the floral parts of the pattern to create birthday greeting cards for friends.

Like cross stitch, Blackwork is a counted thread technique, with stitches represented on a grid. A majority of stitches are backstitch, with some cross stitch filling certain areas. The chart comes with an extensive Stitching Guide detailing all stitches including fractional stitches.
