Colorful Florals

CROSS STITCH PATTERN READY TO DOWNLOAD, DESIGNED BY Lesley Teare Designs

Splendid in the summer heat, here are the portraits of six brightly colored flowers: a sunflower, an anemone, a fuchsia, a poppy, an aster and a marigold.

Designer Lesley Teare uses a very modern layout, similar to that of a photographer, focusing on the center of the flower, as if trying to capture the essence and personality of each one.

The designs are entirely filled with cross stitches in a wonderful palette of bright and contrasted colors. This means you can also stitch the patterns in needlework, on a blank canvas.

Each square is a little less than 7 by 7 inches (on 14 count). You can frame each individual flower and place them beside a window, next to your potted plants, to add a touch of color.

Alternatively, if you can sew, why not integrate the squares in a colorful quilt project. They would make a colorful summer tote or a brightly colored cushion for your outdoor furniture.

The chart comes with an extensive Cross stitch Guide detailing all stitches.
