CROSS STITCH PATTERN READY TO DOWNLOAD, DESIGNED BY Lesley Teare Designs

This cross-stitch pattern plays around the visual effects of appliqué, where small pieces of printed fabric are applied to fabric, as sometimes practiced in patchwork and quilting.

The difference however that everything is much simpler in cross stitch, the small patterns of the colorful "printed fabrics" are reproduced cross stitch by cross stitch and the outlines and silhouettes of the motifs are perfectly detailed in backstitch. A fun and creative idea brought to you by designer Lesley Teare.

These very colorful patterns all fit into squares of 40 x 40 stitches (or less than 3 x 3 inch on 14ct) and can be combined at will into rectangles, rows or used individually for cards. They are perfect for cross stitching for baby: a pajama case, a lining around a crib, a hanging pocket organizer, a baby quilt and, why not, a set of 6 baby bibs!

The chart comes with an extensive Cross stitch Guide detailing all stitches including fractional stitches.
