CROSS STITCH PATTERN READY TO DOWNLOAD, DESIGNED BY **Lesley Teare Designs**

Here's the Toile de Jouy Design, an amazing cross stitch design by **Lesley Teare**, in the manner of the vintage 18th textiles.

Toile de Jouy textiles became popular in France in the 1700's when mechanisation enabled the printing of elaborate monochromatic fabrics. They came mostly in reds or blue and featured pastoral scenes and landscapes.

To render the delicate effects of the various hues of blue, designer Lesley Teare combines cross stitch (in a lovely scheme of 6 blue threads) and backstitch. The effect is amazing. There is an [alternative version available in red](#).

You'll love the delightful scenes with a young shepherd taking his lunch break, two ladies travelling to the market with their donkey and another young woman washing clothes in the river.

The chart comes with an extensive **Cross stitch Guide**.
