## Teapot collection

COUNTED CROSS STITCH CHART BY MARIA DIAZ

This color design features a wonderful collection of delicate china teapots, with the most varied and attractive designs and shapes. There are many ways you can chose to stitch the teapot patterns. The design is perfect as one single piece for a dining room display but you could also stitch each teapot individually on plastic canvas and make fridge magnets. Why not stitch both and make great gifts! The design is so colorful it will work well on virtually any background, such as the bright green and purple shown here. However you can achieve some very elegant effects when stitching on softer tones and refined fabrics such as off white evenweave or natural linen.
