Business Card Holder

CROSS STITCH PATTERN READY TO DOWNLOAD, DESIGNED BY Peacock & Fig

Vibrant colors adorn this refined little wallet for holding business cards or credit cards. The geometric pattern is designed in a tile-like mosaic of bright colored diamonds that entirely cover the fabric. The pattern repeats on the pockets inside of the wallet.

Pattern includes detailed instructions for lining and mounting the card holder.

The business card holder makes a great gift. You could even pair it with an actual gift card if you want to make a bigger present for a birthday or such.

Creative Poppy tip:

Why not create more matching objects so you have a whole set of hand-bag accessories such as a key-ring fob, glasses case, tissue pouch, etc.

This pattern is part of the **Adorned Life Collection**, a series of cross stitch everyday items to make from scratch, designed by **Peacock & Fig**.
