**Description:**

**Fresh out of Fuchsias**

**Embroidery PATTERN READY TO DOWNLOAD, DESIGNED BY PEACOCK & FIG**

Fun and bold, unexpected, especially surrounded as it is by a dainty wreath of flowers.

Part of the fun is in trying out the various embroidery stitches: The design combines stem stitch, lazy daisy, satin stitch, French knots, running stitch and those lovely woven wheels. Check out the designer's website for videos of each stitch.

Except if you want to go "free-hand", the design needs to be traced first on your background fabric. Detailed instructions (3 different methods) are provided. Select a tightly woven evenweave appropriate for surface embroidery.

This pattern is part of the **Go Bloom yourself**, a series of Embroidery patterns with fun quotes and exquisitely detailed flower motifs designed by **Peacock & Fig**.
