Animals in the Jungle

CROSS STITCH PATTERN READY TO DOWNLOAD, DESIGNED BY Perrette Samouiloff

Mothers and baby animals have come together in this new Jungle cross stitch pattern designed by Perrette Samouiloff.

Monkeys are swinging cheerfully from the vines, with Mum giving her baby a ride. Daddy watches over another and the eldest is exploring further, having found some delicious fruit. Colorful parrots are perched out of their way, while a pair of elegant black panthers, watch over their brood.

This scene full of tenderness is ideal for decorating a child's room, introducing the child very early to the diversity of animal life in the wild. There is a matching piece, [Animals in the Savannah](#), if you would like to stitch a pair.

The piece is cross stitched on a lovely marbled background in the Zweigart range, Vintage marble, that blends in softly in the background. It can also be stitched on a white, pale blue, green or raw linen background.

A cross stitch pattern by Perrette Samouiloff.
