Animals in the Savannah

CROSS STITCH PATTERN READY TO DOWNLOAD, DESIGNED BY Perrette Samouiloff

Mothers and baby animals have come together in this new Savannah cross stitch pattern designed by Perrette Samouiloff.

While the lion cubs frolic happily close to their mother, she enjoys the shade of a tree. Mama Giraffe too keeps a watchful eye over her 2 cubs. Are they going to play with the baby antelopes, or with the little elephant escorted by its mother?

This scene full of tenderness is ideal for decorating a child's room, introducing the child very early to the diversity of animal life in the wild. There is a matching piece, [Animals in the jungle](#), if you would like to stitch a pair.

The piece is cross stitched on a lovely marbled background in the Zweigart range, evocative of desert sand. It can also be stitched on a white, pale blue, green or raw linen background.
