Bath time & Bedtime Motifs

CROSS STITCH PATTERN READY TO DOWNLOAD, DESIGNED BY Perrette Samouloff

Here's a lovely series of Bath time & Bedtime motifs for cross stitch by Perrette Samouloff. There's a little girl in pajamas clinging to her toy rabbit, a little boy sitting in his bathtub making tons of bubbles, a brother and sister in their bathrobes waiting for their turn.

The chart comes with plenty of different layout ideas. You can stitch it in the form of a banner to hang maybe on a bathroom door. Or you can stitch 2 smaller patterns, one for "bathtime" and one with "good night little ones". An alphabet is also included so you can customize your text. However the pattern will work for virtually any project and gift ideas you can think of for children: personalize bathrobes, bathroom towels, fluff toys and what have you. The small designs will easily fit your needs.

The colors work great on raw linen or alternatively on a white background (substitute the white floss for a light grey).
