CROSS STITCH PATTERN READY TO DOWNLOAD, DESIGNED BY Perrette Samouloff

Looking for a personalized hand-stitched gift for the birth of a little one? Check out these baby animal cross stitch motifs by Perrette Samouloff designed to include Baby's name or initials, allowing you to personalize towels and any item of your choice.

As centering a name and cross stitch motifs is not easy in limited space, attention has been paid to facilitate the stitcher's preparatory work. The instructions guide you step by step to create your own chart, centering name, then adding the left and right parts of the motif for perfect positioning.

You can work these patterns on "ready-to-stitch" items found in needlework stores. Alternatively, you can cross stitch on an aida band, and apply it to a standard towel. In both cases, carefully check the area available for stitching first, so as not to run out of space. See detailed information below, width depending on number of letters in name.

Complete your gift with one or other of the patterns below with matching motifs, and you will have a complete set for decorating Baby's room.
