Description:

Savannah Baby Animals - Nursery Height Chart

CROSS STITCH PATTERN READY TO DOWNLOAD, DESIGNED BY Perrette Samouiloff

Thanks to Perrette Samouiloff you can hand-stitch a nursery height chart and see how fast the child grows. The adorable baby animals, are positionned at different heights and Baby will be looking forward to reach the height of the baby giraffe. The chart should accompany the child until they are at least 6 years old.

Note: this cross stitch chart is designed in cm. When stitched on 25ct evenweave, which is exactly 5 stitches per cm, the graduations in cm will be perfectly positioned.

If you wish to use a graduation in inches, you would have to position the marks yourself, using measuring tape, once the item has been stitched

The instructions for finishing the stitched piece are included with the chart. Mounting is on wooden dowel, using thick natural string with wooden beads to finish.

A cross stitch pattern by Perrette Samouiloff.
