The Seamstress

CROSS STITCH PATTERN READY TO DOWNLOAD, DESIGNED BY Perrette Samouiloff

**This cross stitch pattern is part of a series of three designs related to former needlework trades. After the
Lacemaker, and the Milliner, here is a tribute to the Seamstress.**

**While you can still have your clothes altered today, in the old days you could go to the taylor's or the seamstress's
and have a dress made, perfectly adapted to your size, in the fabric of your choice.**

**Perrette Samouiloff brings the trade to life, depicting the seamstress's shop full of beautiful fabrics draped over
mannequins, samples of precious ribbons and trimmings, and enticing patterns illustrating the fashion of the day.
Armed with patience, the seamstress is seated at her work, silks draped over her knees and needle running in the
pleats and tucks of the fabric.**

**The cross stitch design also features the seamstress's tools, needles, pins, spools of thread and of course her
sewing machine. The title of the embroidery "The seamstress" is stitched in pretty cursive letters.The design is an
adaptation from the French "La Couturière". If you would rather stitch the French version, please contact us after
placing the order and we will send you the chart with the original French text (last picture).**
