Xmas kitten ABC

COUNTED CROSS STITCH CHART BY PERRETTE SAMOUILOFF

The joy of Xmas is made of simple things...

Such as this graceful ABC, with a pure composition, alternating pretty silhouettes of children and kitten with elegant letters. A discrete touch of holly is all that's needed to remind us that Christmas will soon be there.

With very few colors (only 4 thread colors) Perrette Samouiloff proves that simplicity is often the best recipe for style.

The use of overdyed threads and soft multicolors (such as the DMC Color Variations used here) brings subtle variations in color to your stitching without having to re-thread your needle. Learn more [about how to stitch with overdyed and muticolor threads](#).

This chart is shown stitched in the alphabet sampler version. There is another version provided with the chart with "Merry Christmas" as well as a separate ABC so you can really pick and choose which elements you want to stitch. The stitched piece is perfect for creating a Xmas banner, combining elements of motifs, borders and text.
