CROSS STITCH PATTERN READY TO DOWNLOAD, DESIGNED BY Riverdrift House

Riverdrift House's large samplers are a real treat to stitch, full of lovely detail yet super easy to stitch because they contain only full cross stitches and a limited number of colors. In spite of their size, they will take an experienced stitcher little time to stitch.

This cross stitch pattern features a large country house, together with a pair of lovebirds, a peacock (featured left with impressive feathers) and a peahen (the little bird to the right with a small crest on its head) next to a tiny cottage. There are many more motifs filling the sampler, nested birds, sweets and cakes, rabbits, flower pots, banting and a medallion where you can stitch two initials and a date.

This pattern will be perfect to cross stitch for a wedding, an anniversary or a house-warming gift.
