**Harvest Moon**

CROSS STITCH PATTERN READY TO DOWNLOAD, DESIGNED BY Samanthapurdyneedlecraft

I love autumn days. After a beautiful day outside, dark comes early and leaves time for a long enjoyable evening.  
The weather is clear tonight, the soft sun has given way to a round moon.  
The harvest is in. The last pumpkins are ripening in their patch and the ducks are making their rounds.  
Everything is quiet and peacefull.

Simple life, simple joys, such as resting after a hard day's work and enjoying a long peaceful evening, depicted in cross stitch by Samantha Purdy.
