CROSS STITCH PATTERN READY TO DOWNLOAD, DESIGNED BY Shannon Christine Designs

What a surprise when you open that closet!

A white mouse stands on guard, perched on a pumpkin.. Just below, there's a bubbling cauldron with green froth and a frog leaping out of it, just in time!

Someone's been mending the black dress with rough patches. It must have been beautiful one, with its bead and lace collar. The pointed hat stands on the floor, among the spiderweb.

Among the ancient books, one stands out. It's leather bound with goldwork ornaments and amethyst stone. What ancient sorcery secret is it holding?

The pattern is worked in DMC floss with Kreinik very fine Braid metallic Gold as well as some special effects:

- laquered black (frame, closet shelves)
- glow in the dark (spider webs, mice, candles). Could be substituted with white.

This chart is wonderful to cross stitch, with so many fun detail. Its embellished with numerous beads, adding to the intricate stitching. Yet it is small enough to make beautiful Halloween ornament.
