Cinderella

CROSS STITCH PATTERN READY TO DOWNLOAD, DESIGNED BY Shannon Christine Designs

The moon shines in the distance, the palace is brightly lit, the pumpkin shaped carriage is waiting, the clock starts to strike twelve.

Cinderella had better hurry. She's wearing the beautiful blue satin dress and the glass slippers her fairy godmother gifted her. The spell is about to be broken. She's running away yet looking back at her prince.

In this cross stitch pattern, Shannon Christine captures the romance and longing of the girl turned princess and about to lose everything again. In the layout of the design, the focus is on Cinderella's flowing dress. The eye is then guided to Cinderella's tiny waist and then to her face and longing glance. The carriage waiting and the clock are about to bring her back to reality.

The design is exquisitely detailed with many hues of color, highlights of golden and iridescent threads as well as beaded embellishments.
