Small Christmas Gift Bags (2) - Birds, Geese and Deer & Squirrel motifs

PATTERN READY TO DOWNLOAD, DESIGNED BY Perrette Samouiloff

The trend is towards the personalization of gifts, right down to the packaging! So forget about paperwrapping and create your very own reusable Christmas gift bags, so delightful, they will be reused over and over.

Brought to you by Perrette Samouiloff, the cross stitch charts come with two finishing options and carefully thought-through pouch tutorials that include extensive step-by-step instructions and photos.

Take the little deer motif: it has been applied to the flat pouch model and can house a little book for instance.

The Bird and Geese designs are by contrast adapted on around shaped pouch, ideal for gifting chocolates or small objects (cosmetics, small preserves, toys...)

Note: all three cross stitch designs are the same size and can therefore be adapted to either shape of pouch.

This is the second in the Small Christmas Gift Bags series, all the same size. Check out more patterns [here](#).
