## Look after your planet

COUNTED CROSS STITCH CHART BY SYLVIE TEYTAUD

Can you imagine a more charming and convincing messenger than this little fairy, gently imploring us to "look after our planet"?

Sylvie Teytaud has created the cutest of all fairies, living in harmony with nature and beauty, frail and fragile as if she were to disappear under our eyes... like our planet itself.

You can stitch this adorable pattern just for its pleasant design. But you could also stitch it for a child, even getting them involved in stitching some details such as the little snails travelling around the borders. Another option would be to stitch it on a white T-shirt using waste canvas or soluble canvas.
