BLACKWORK CHART BY TAM'S CREATIONS

An incredibly rich blackwork design combining a great variety of backstitch motifs.

This pattern is stitched with a single color of variegated floss, yet it seems as if several colors were used. Designer Tam's creations skillfully combines lower and higher density lace-like motifs to create those beautiful color effects.

The pattern does not present any technical difficulties and is perfect for any stitcher with some experience of blackwork looking for a little challenge. The finished piece will make a beautiful center for a cushion cover (using a color coordinated border).

Note: the variegated floss color used for the picture has recently been discontinued by DMC. As the pattern is monochrome, you can replace it with any variegated thread of your choice, provided the dominant color is dark.

A design by Tam's Creations.
