CROSS STITCH PATTERN READY TO DOWNLOAD, DESIGNED BY Tapestry Barn

For the men in your life...

This colorful and fun Alphabet is perfect for cross- stitching a little boy's name, for a bedroom door, a pyjama bag, an afghan and many other items. You can arrange and stitch letters to form a name, or you could stitch the whole sampler as a decorative piece.

The design also works well for men of any age and you can stitch all kind of words or sayings appealing to the male side f the family: KEEP OUT, PRIVATE, MEN ONLY, LONESOME COWBOY... or what ever tickles your/their fancy.

Motifs include desert cacti, cowboy boots hat and scarf, campfires and tents, a cart wheel and horseshoe as well as a guitar and a pack of cards (aces!).

Tip: if two letters are repeated (as in Keep out), you can easily alter the design attached to the second letter. Start stitch the brown parts of letter, omitting the lower right part, pick a color motif from another letter and stitch it in place. Then complete the letter up to the stitched area.
